

Why You Should Send Video to Every Internet Lead

The data is clear. Video isn't a nice-to-have. It's the difference between a reply and radio silence.

WHY VIDEO WORKS

● It's Human

A face and a voice build trust faster than a template email ever could. Buyers feel your energy before they ever shake your hand.

● It's Different

While every other dealer sends 'Just checking in,' you're sending a 30-second walkaround with their name on it. That's how you stand out.

● It Gets Opened

Emails with video get 2-3x higher open and engagement rates. People click play. They don't click 'Dear Valued Customer.'

● It Creates Reciprocity

When someone records a video just for you, you feel obligated to respond. That psychology works every single time.

Your Video Cheat Sheet

Record it. Send it. Sell more cars. It doesn't need to be perfect. It needs to be real.

GREET BY NAME

1

"Hey Sarah, this is Mike at My Auto Group."

Use their first name. Immediately personal.

REFERENCE THE VEHICLE

2

"Thanks for reaching out about the 2024 Tacoma."

Prove you actually read their lead.

ADD ONE THING

3

"Great choice — this one has the TRD package and only 12K miles."

Give them a reason to care.

INVITE ACTION

4

"I'd love to answer your questions. Call, text, or just reply."

Make it easy, not pushy.

DO THIS

- ✓ Shoot vertical (9:16) for text/email
- ✓ Clean the car first — details matter on camera
- ✓ Keep it under 60 seconds
- ✓ Show your face — people buy from people

NOT THAT

- ✗ Don't wait for perfect — send it now
- ✗ Don't read from a script word-for-word
- ✗ Don't start with 'Uhh, so, yeah...'
- ✗ Don't film in a dark showroom corner

SAMPLE WORD TRACK — Copy this, then make it yours:

"Hey [NAME], this is [YOU] over at My Auto Group. I saw you were checking out the [YEAR MODEL] — great choice. I pulled it up front so I could show you a couple things I think you'll love. Give me a call or shoot me a text — I'm here to help. Talk soon!"
